INDEPENDENT AUDITOR'S REPORT

To the Board of Commissioners Ben Hill County, Georgia

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the businesstype activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Ben Hill County, Georgia as of and for the year ended December 31, 2017, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Ben Hill County Board of Health or the Hospital Authority of Ben Hill County, which represents 100 percent of the assets, net position, and revenues of the aggregate discretely presented component units. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the Ben Hill County Board of Health and the Hospital Authority of Ben Hill County is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the

governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Ben Hill County, Georgia, as of December 31, 2017, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison, and historical pension information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Ben Hill County, Georgia's basic financial statements. The combining and individual fund financial statements and schedules and supplemental schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund statements and schedules and supplemental schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual statements and schedules and supplemental schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 10, 2018, on our consideration of Ben Hill County, Georgia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

Ben Hill County, Georgia was organized under Act of July 31, 1906, from the Counties of Irwin and Wilcox. The County operates under a five-member Board of Commissioners form of government. Commissioners serve staggered terms of four years. The County provides the following services: public safety, roads and bridges, sanitation, health and social services, emergency medical services, culture, recreation, public improvements, and general administrative services.

The accompanying financial statements present the County and its component units, entities for which the County is considered to be financially accountable. Blended component units are, in substance, part of the primary government's operations, even though they are legally separate entities. Thus, blended component units are appropriately presented as funds of the primary government. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the County.

Blended Component Unit

The Development Authority of Ben Hill County is a blended component unit. The component unit is a legally separate organization for which the County is financially accountable. The data from this unit is combined with data of the primary government and reported as a special revenue fund. The Development Authority of Ben Hill County does not issue separate financial statements.

Discretely Presented Component Units

The Ben Hill County Board of Health (Board) provides healthcare services for the citizens of the County. The County Commissioners appoint a voting majority to the Board. The component unit column in the combined financial statements includes the financial data of the Board, as reflected in their most recent audited financial statements. The fiscal year end of the Board is June 30. Complete financial statements for the component unit may be obtained at the entity's administrative offices:

Ben Hill County Board of Health 400 North Sheridan Fitzgerald, Georgia 31750

The Hospital Authority of Ben Hill County operates a full-service hospital for the citizens of Ben Hill County and the surrounding area. The County Commissioners appoint the Board of Trustee members of the Authority. The component unit column in the combined financial statements includes the financial data of the Authority, as reflected in their most recent audited financial statements. The fiscal year end of the Authority is July 31. Complete financial statements for the component unit may be obtained at the entity's administrative offices:

Hospital Authority of Ben Hill County Dorminy Medical Center 200 Perry House Road Fitzgerald, Georgia 31750

B. Government-Wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. All fiduciary activities are reported only in the fund financial statements. *Governmental activities*, which normally are supported by taxes, intergovernmental revenues, and other nonexchange transactions, are reported separately from *business-type*

activities, which rely to a significant extent on fees and charges to external customers for support. Likewise, the *primary government* is reported separately from certain legally separate component units for which the primary government is financially accountable.

C. Basis of Presentation – Government-wide Financial Statements

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds, while business-type activities incorporate data from the County's enterprise funds. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. The discretely presented component units are shown in separate columns in the government-wide financial statements. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

D. Basis of Presentation – Fund Financial Statements

The fund financial statements provide information about the County's funds, including its fiduciary funds and blended component units. Separate statements for each fund category – governmental, proprietary, and fiduciary – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

The County reports the following major governmental funds:

The *General Fund* is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Special Purpose Local Option Sales Tax (SPLOST) 2011 Fund* accounts for the special one percent sales tax imposed for the six-year period beginning July 1, 2011.

The *Special Purpose Local Option Sales Tax (SPLOST) 2017 Fund* accounts for the special one percent sales tax imposed for the six-year period beginning July 1, 2017.

The County reports the following major proprietary funds:

The *EIP Revolving Loan Fund* accounts for the employment incentive program community development block grant and related loans to qualifying employers in Ben Hill County for capital expenditures.

Additionally, the County reports the following fund types:

Agency Funds account for taxes, fees, fines, and bonds collected on behalf of other governments, agencies, officials, and individuals.

During the course of operations, the County has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due from/to other funds and advances to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental funds) are eliminated so that only the net amount is included as internal balances in the governmental activities column. Similarly, balances between the funds included in business-type activities (i.e., the enterprise funds) are eliminated so that only the net amount is included as internal balances.

BEN HILL COUNTY, GEORGIA Notes to the Financial Statements December 31, 2017

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column. Similarly, balances between the funds included in business-type activities are eliminated so that only the net amount is included as transfers in the business-type activities column.

E. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as *current financial resources or economic resources*. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

Property taxes, sales taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period or within the availability period for this revenue items are considered to be measurable and available only when cash is received by the County.

The proprietary funds are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. The agency fund has no measurement focus but utilizes the *accrual basis of accounting* for reporting its assets and liabilities.

F. Assets, Liabilities, Deferred Outflow/Inflows of Resources and Net Position/Fund Balance

1. Cash and Cash Equivalents

The County's cash and cash equivalents are considered to be cash on hand, demand deposits, certificates of deposit and short-term investments with original maturities of three months or less from the date of acquisition.

2. Investments

State statutes authorize the County to invest in obligations of the State of Georgia or other states, obligations issued by the U.S. Government, obligations fully insured or guaranteed by the U.S. Government or by a government agency of the United States, obligations of any corporation of the U.S. Government, prime bankers' acceptances, the local government investment pool, repurchase agreements, and obligations of other political subdivisions of Georgia.

Investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates, and investments that do not have an established market are reported at estimated fair value.

3. Inventories and Prepaid Items

The costs of inventories are recorded as expenditures when purchased in all funds. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as expenditures when paid in the governmental funds and as prepaid items in both the government-wide and proprietary fund financial statements.

4. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g. roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Capital assets are defined by the County as assets with an initial, individual cost which exceeds certain capitalization thresholds and an estimated useful life in excess of two years. In the case of the initial capitalization of general infrastructure assets (i.e., those reported by governmental activities), the County has capitalized items acquired or constructed after December 31, 2003. As the County constructs or acquires capital assets each period, including infrastructure assets, they are capitalized and reported at historical cost. The reported value excludes normal maintenance and repairs which are essentially amounts spent in relation to capital assets are recorded at their estimated fair value at the date of donation. Land and construction in progress are not depreciated. The property, plant, equipment, and infrastructure of the primary government are depreciated using the straight line method over the following estimated useful lives:

	Capitalization	Estimated
Assets	Thresholds	Service Life
Buildings	\$10,000	25-60
Machinery and Equipment	\$5,000	5-10
Improvements	\$5,000	15-30
Roads	\$25,000	15-50
Bridges	\$25,000	15-50
Sidewalks	\$25,000	15-50
Sidewarks	\$25,000	15-50

5. Long-term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Premiums and discounts are deferred and amortized over the life of the debt using the effective interest method. Debt issuance costs, except any portion related to prepaid insurance costs, are recognized as an expense in the period incurred.

In the fund financial statements, governmental fund types recognize premiums and discounts, as well as issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported

as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

6. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and will *not* be recognized as an outflow of resources (expense/ expenditure) until then. The County has one type of item that qualifies for reporting in this category. It is the deferred outflows related to pensions reported in the government-wide statement of net position.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and will *not* be recognized as an inflow of resources (revenue) until that time. The County has only one type of item, which arises only under a modified accrual basis of accounting, which qualifies for reporting in this category. Accordingly, the item, *unavailable revenue*, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from three sources: property taxes, ambulance fees, and capital asset sales. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

7. Net Position Flow Assumption

Sometimes the County will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the County's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

8. Fund Balance Flow Assumptions

Sometimes the County will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the County's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

9. Fund Balance Policies

Fund balance of governmental funds is reported in various classifications based on the nature of any limitations requiring the use of resources for specific purposes. The County itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance). The fund balance classifications are as follows:

Nonspendable fund balance includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted fund balance includes amounts that are restricted when constraints placed on the use of resources are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation.

BEN HILL COUNTY, GEORGIA Notes to the Financial Statements December 31, 2017

Committed fund balance includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the County's highest level of decision making authority.

Assigned fund balance includes amounts that are constrained by the County's intent to be used for specific purposes, but are neither restricted nor committed.

Unassigned fund balance is the residual classification for the General Fund. The classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the General Fund.

The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the County's highest level of decision-making authority. The Board of County Commissioners is the highest level of decision-making authority for the County that can, by board approval, commit fund balance. Once approved, the limitation imposed remains in place until a similar action is taken to remove or revise the limitation.

Amounts in the assigned fund balance classification are intended to be used by the County for specific purposes but do not meet the criteria to be classified as committed. The Board of County Commissioners may assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

G. Revenues and Expenditures/Expenses

1. Program Revenues

Amounts reported as *program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions (including special assessments) that are restricted to meeting the operational or capital requirements of a particular function or segment. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than as program revenues.

2. Property Taxes

Property taxes were levied on July 27, 2017, payable December 20, 2017, and attached as an enforceable lien on property as of January 1, 2017. The billings are considered past due after December 20, 2017, at which time the applicable property is subject to lien, and penalties and interest are assessed.

3. Compensated Absences

It is the County's policy to permit employees to accumulate up to thirty days of earned but unused vacation benefits. There is no liability for unpaid accumulated sick leave since the County does not have a policy to pay any amounts when employees separate from service with the County. All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

4. Proprietary Funds Operating and Nonoperating Revenues and Expenses

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of proprietary funds are charges to customers for sales and services. Operating expenses for proprietary funds include the cost of sales and services, administrative

expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

II. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. Budgetary Information

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all governmental funds except capital projects funds, which adopt project-length budgets. All annual appropriations lapse at fiscal yearend.

All agencies of the government submit requests for appropriations to the County's manager so that a budget may be prepared. The proposed budget is presented to the County Commissioners for review. The Commissioners hold public hearings and a final budget must be prepared and adopted no later than December 31.

The appropriated budget is prepared by fund, function, and department. The County's department heads may make transfers of appropriations within a department. Transfers of appropriations between departments require the approval of the County Commission. The legal level of budgetary control is the department level. Supplemental budgetary appropriations in funds were not considered material.

B. Excess of Expenditures Over Appropriations

Excess of expenditures over appropriations at the department level (the legal level of control) is presented below:

	Budget	Actual	Excess

C. Loans

The Georgia Constitution, Article 9, Section 5, Paragraph 5 requires all temporary loans in each year to be payable on or before December 31 of the calendar year in which such loan is made. The County obtained two loans which were payable after December 31.

III. DETAILED NOTES ON ALL ACTIVITIES AND FUNDS

A. Cash Deposits with Financial Institutions

Custodial credit risk – deposits. This is the risk that in the event of a bank failure, the County's deposits may not be returned to it. The County does not have a formal deposit policy for custodial credit risk. As of December 31, 2017, the County's entire bank balance was insured or collateralized with securities held by the pledging financial institution's trust department or agent in the County's name.

B. Investments

Credit risk. The County does not have a formal investment policy for credit risk. The County's investments in Georgia Fund 1 are rated AAAf by Standard & Poor's. Georgia Fund 1, created by OCGA 36-83-8, is a stable net asset value investment pool offered by the State of Georgia to counties, municipalities, public colleges and universities, boards of education, special districts, state agencies, and other authorized entities as a conservative, efficient, and liquid investment alternative. The primary investment objectives of Georgia Fund 1 are safety of capital, liquidity, yield, and diversification with primary emphasis on safety of capital and liquidity. Georgia Fund 1 deposits are not guaranteed or insured by any bank, the Federal Deposit Insurance Corporation, the Federal Reserve Board, or any state agency. The State of Georgia Office of the State Treasurer manages Georgia Fund 1 in a manner consistent with Rule 2a-7 (of the Investment Company Act of 1940) like funds. Georgia Fund 1 is managed to maintain a \$1 value and a weighted average maturity of 60 days or less, with the maximum maturity of any investment limited to 397 days.

C. Receivables

Receivables as of year-end for the County's individual major funds and nonmajor funds in the aggregate, including applicable allowances for uncollectible accounts, are as follows:

		S	SPLOST	onmajor ernmental	R	EIP evolving	
	General		2017	Funds		Loan	Total

E. Interfund Receivables, Payables, and Transfers

The composition of interfund balances as of December 31, 2017 was as follows:

Due From / To Other Funds

Receivable Fund	Payable Fund	Amount
General Fund	Nonmajor Governmental Funds	\$ 17,311
General Fund	SPLOST 2011 Capital Projects Fund	87,352
Nonmajor Governmental Funds	General Fund	380,036
Nonmajor Governmental Funds	Nonmajor Governmental Funds	464
		\$ 485,163

The SPLOST 2011 Fund owes the General Fund \$84,610 in excess proceeds under O.C.G.A. 48-8-121(g) and \$2,742 for unreimbursed expenditures. A Nonmajor Governmental Fund owes the General Fund \$16,519 for amounts deposited into the fund in error. The General Funds owes a Nonmajor Governmental Fund \$380,036 in Local Maintenance & Improvement Grant proceeds. The other outstanding balances between funds result mainly from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

The composition of interfund transfers for the year ended December 31, 2017 was as follows:

Interfund Transfers

Transfer In	Transfer Out	Amount
General Fund	SPLOST 2011 Capital Projects Fund	\$ 192,561
General Fund	Nonmajor Governmental Funds	24,500
SPLOST 2011 Capital Projects Fund	Nonmajor Governmental Funds	\$ 61,798
SPLOST 2017 Capital Projects Fund	Nonmajor Governmental Funds	21,682
Nonmajor Governmental Funds	General Fund	237,194
Nonmajor Governmental Funds	SPLOST 2011 Capital Projects Fund	100,000
		\$ 637,735

The SPLOST 2011 Fund transferred \$107,951 to the General Fund to finance project expenditures accounted for in prior years. The SPLOST 2011 Fund transferred \$84,610 in excess proceeds under O.C.G.A. 48-8-121(g) to the General Fund. A Nonmajor Governmental Fund transferred \$24,500 to the General Fund to finance expenditures accounted for in prior years. A Nonmajor Governmental Fund transferred \$61,798 in sales tax proceeds to the SPLOST 2011 Fund to finance project expenditures. A Nonmajor Governmental Fund transferred \$21,682 in sales tax proceeds to the SPLOST 2017 Fund to finance project expenditures. The General Fund transferred \$237,194 to a Nonmajor Governmental Fund to finance E-911 expenditures. The SPLOST 2011 Fund transferred \$100,000 to a Nonmajor Governmental Fund to finance project expenditures.

F. Short-Term Debt

On February 10, 2017, the County entered into a tax anticipation note with Community Bank of Fitzgerald for \$3,500,000 with interest at 3.75% for operating purposes. The amount drawn on this note was \$3,000,000 and was repaid at December 31, 2017. The County entered into a new tax anticipation note on January 25, 2018 in the amount of \$4,000,000 with an interest rate of 4.5%.

Short-term liability activity for the year ended December 31, 2017, was as follows:

	•	nning ance	Additions	Reductions	Ending Balance	
Governmental Activities Notes Payable	\$		\$ 3,000,000	\$ (3,000,000)	\$	
	\$		\$ 3,000,000	\$ (3,000,000)	\$	_

G. Long-Term Debt

Notes Payable

On October 4, 2017, the County entered into a note with Community Bank for the purchase of Sheriff vehicles in the amount of \$65,721. The note is payable in 60 monthly payments of \$1,221 with interest at 4.25%. At December 31, 2017, the outstanding balance on this note was \$63,741.

On October 19, 2017, the County entered into a note with Colony Bank for the purchase of Sheriff vehicles in the amount of \$65,721. The note is payable in 36 monthly payments of \$1,937 with interest at 3.5%. At December 31, 2017, the outstanding balance on this note was \$62,229.

Debt service requirements to maturity for the notes payable as of December 31, 2017 were as follows:

Year Ending		Governmental Activities				
December 31	F	Principal	li –	nterest		Total
2018	\$	33,584	\$	4,310	\$	37,894
2019		34,873		3,021		37,894
2020		31,921		1,690		33,611

2022		11,758		227		11,985
Total	\$	125,970	\$	10,068	\$	136,038

H. Changes in Long-Term Liabilities

Long-term liability activity for the year ended December 31, 2017, was as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Governmental Activities					
Compensated Absences	\$ 249,649	\$	\$ (54,561)	\$ 195,088	\$
Net Pension Liability	2,192,560	951,938	(728,689)	2,415,809

	\$ 2,638,768	\$ 1,083,381	\$ (985,282)	\$ 2,736,867	\$ 33,584

For governmental activities, claims and judgments, and compensated absences are generally liquidated by the General Fund. Pension liabilities are generally liquidated by the General Fund except for the portion allocable to E-911 which is liquidated by the E-911 Fund

I. Pensions

Defined Benefit Plan

The County's defined benefit pension plan, Association County Commissioners of Georgia ("ACCG") Ben Hill County Defined Benefit Plan provides for retirement, disability, and death benefits to plan participants and beneficiaries. The Plan, through execution of the adoption agreement, is affiliated with the Association of County Commissioners of Georgia Third Restated Defined Benefit Plan (The ACCG Plan), an agent multiple-employer pension plan, administered by GEBCorp. The ACCG, in its role as the Plan Sponsor, has the sole authority to amend the provisions of the ACCG Plan, as provided in Section 19.03 of the ACCG Plan document. The County has the authority to amend the adoption agreement, which defines the specific benefit provisions of The Plan, as provided in Section 19.02 of the ACCG Plan document. On December 27, 2017, the County amended the adoption agreement and closed the plan to employees with an employment commencement date on or after January 1, 2018. A financial report for the Ben Hill County retirement plan may be obtained by writing to Ben Hill County, Georgia, 402 East Pine Street, Fitzgerald, Georgia 31750.

Retirement benefits for employees are calculated as .75% of average annual compensation up to \$6,600 plus 1.25% of average annual compensation in excess of \$6,600 plus \$18 multiplied by years of service. Employees are eligible for normal retirement benefits at age 65 with 5 years of service.

At January 1, 2016, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	49
Inactive employees entitled to but not yet receiving benefits	82
Active employees	105
	236

The County employees are not required to contribute to the Plan. The County is required to contribute at an actuarially determined amount annually to the Plan's trust. The contribution amount is determined using actuarial methods and assumptions approved by the ACCG Plan trustees and must satisfy the minimum contribution requirement contained in State of Georgia statutes. For the year ended December 31, 2017, the County's actuarially determined contribution was \$395,191.

The County's net pension liability was measured as of December 31, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of January 1, 2017.

The total pension liability in the actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Investment rate of return	7.25% per year
Inflation	3.5% per year
Salary increases	4.0% per year with an age based scale as follows:

Age	Salary Increase
Under 30	4.0% rate + 1.5%
30-39	4.0% rate + 1.0%
40-49	4.0% rate5%
50+	4.0% rate - 1.0%

Mortality rates were based on the RP-2000 Combined Mortality Table projected with Scale AA.

BEN HILL COUNTY, GEORGIA Notes to the Financial Statements December 31, 2017

The actuarial assumptions used in the January 1, 2017 valuation were based on the results of a February 2014 actuarial experience study.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

	Target	Long-Term Expected
Asset Class	Allocation	Real Rate of Return
Fixed Income	30 %	2.58 %
Domestic Large Equities	30	5.57
Domestic Mid Equities	5	7.88
Domestic Small Equities	5	5.20
REIT	5	7.12
International	15	1.51
Multi Cap	5	5.59
Global Allocation	5	1.82

The discount rate used to measure the total pension liability was 7.25%. In projecting plan assets, the assumed contribution was based on the average contribution made to the plan over the prior five years. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The changes in net pension liability for the year ended December 31, 2017, were as follows.

	Increase (Decrease)

At December 31, 2017, the County reported a payable of \$405,564 for the outstanding amount of contributions to the pension plan required for the year ended December 31, 2017.

Deferred Contribution Plan

The County sponsors a 401a Defined Contribution Plan administered by GEBCorp, a third-party service provider. Senior management employees designated by the County are eligible to participate in the plan. Provisions of the plan were established by the County's execution of an adoption agreement. Employee contributions are not required or permitted. The County is required to contribute 7.5% of the current participant's compensation. All contributions and other requirements established by the adoption agreement may be amended by the County at any time. The County did not make any contributions to the plan during the year.

Deferred Compensation Plan

The County sponsors a Deferred Compensation Plan in accordance with Internal Revenue Code Section 457. The defined contribution plan, administered by GEBCORP, contains a contribution formula which allows employees to defer a minimum of 1% of compensation or \$20. The County is permitted to make non-elective contributions at its sole discretion. All contributions and other requirements are established by County resolution. For the year ended December 31, 2017, the County contributed \$0 to the plan and employee deferrals were \$21,880.

K. Tax Abatements

County property tax revenues were reduced by \$28,363 under agreements entered into by the Fitzgerald & Ben Hill County Development Authority.

L. Risk Management

The County is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the County carries commercial insurance purchased either directly or indirectly from independent third parties. Settled claims from these risks have not exceeded commercial insurance coverage for the past three years. The County's deductibles for commercial insurance coverage range from \$500 to \$5,000 with various limits of liability ranging from \$25,000 to \$18,357,891.

For its workers compensation coverage, the County is a member of the Association County Commissioners of Georgia-Group Self-Insurance Workers' Compensation Fund (ACCG-GSIWCF). The ACCG-GSIWCF operates under the authority of O.C.G.A 34-9-150 et Seq. The County pays into the fund its share of the fund's projected obligation for workers' compensation liability, administrative expenses, and other costs incurred by the fund. The County's share is adjusted by the board of the fund according to the claims experience of each participating member in accordance with criteria set forth in the bylaws of the fund. The fund makes payments to the employees of the members for workers compensation benefits pursuant to and in accordance with the claims procedures set forth in title 34, chapter 9 of O.C.G.A. The County is jointly and severally liable for all legal obligations of the fund, including, but not limited to, any obligations of the fund to pay claims against the fund arising out of any occurrence, incident, or accident covered under title 34, chapter 9 of O.C.G.A.

M. Commitments and Contingencies

The County is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, it is the opinion of the County's counsel that resolution of these matters will not have a material adverse effect on the financial condition of the County.

BEN HILL COUNTY, GEORGIA Notes to the Financial Statements December 31, 2017

Amounts received or receivable from grantor agencies, federal and state, are subject to audit and adjustment by those agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. In the opinion of County management, such disallowances, if any, will not be significant to the County's financial statements.

The County is contingently liable for Revenue Anticipation Certificates, Series 2007 issued by the Hospital Authority of Ben Hill County in the amount of \$9,900,000. These Certificates are collateralized by the gross operating revenues of the Authority. The County and Authority entered into a contract in which the Authority agreed to make the Hospital facilities and services available to the residents of Ben Hill County. The County agreed to make the Hospital facilities and services available to the residents of Ben Hill County. The County agreed to make payments to the Authority in amounts sufficient to enable the Authority to pay the principal and interest on the Certificates to the extent the net operating revenues of the Authority are insufficient to make the payments, and the County agreed to levy an ad valorem tax on all taxable property within the County as may be necessary in each year to fulfill the County's obligation under the contract. As of July 31, 2017, the Hospital's latest fiscal year, the outstanding balance was \$7,825,000 which will be paid in varying annual amounts through July 1, 2032.

N. Joint Ventures

Under Georgia law, the County, in conjunction with other cities and counties in the South Georgia area, is a member of the Southern Georgia Regional Commission and is required to pay annual dues thereto. During its year ended December 31, 2017, the County paid \$10,827 in such dues. Membership in a Regional Commission is required by the Official Code of Georgia Annotated (OCGA) Section 50-8-34 which provides for the organizational structure of the Regional Commission in Georgia. The Regional Commission Board membership includes the chief elected official of each county and municipality of the area. OCGA 50-8-39.1 provides that the member governments are liable for any debts or obligations of a Regional Commission. Separate financial statements may be obtained from:

Southern Georgia Regional Commission 327 West Savannah Avenue Valdosta, Georgia 31601

The County participates equally with three area governments in the Ben Hill-Irwin Area Joint Development Authority. The Authority is a special-purpose corporation organized "to create and foster an economic climate in Ben Hill and Irwin counties conducive to the growth and development of trade, commerce, industry, and employment opportunities." The County does not appoint the voting majority of the Authority's Board of Directors. The County is financially obligated for \$119,614 which represents its twenty five percent share of the debt of the Joint Development Authority at December 31, 2017. The Authority has completed its building phase and is currently seeking tenants. Separate financial statements may be obtained from:

COMBINING AND INDIVIDUAL FUND STATEMENTS AND SCHEDULES

Major Governmental Funds

General Fund

The General Fund is the County's primary operating fund. It is used to account for and report all financial resources of the general government, except those required to be accounted for and reported in another fund.

Capital Projects Funds

Capital projects funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets. Capital projects funds exclude those types of capital-related outflows financed by proprietary funds or for assets that will be held in trust for individuals, private organizations, or other governments.

Special Purpose Local Option Sales Tax (SPLOST) 2011 Fund - This fund is used to account for the special one percent sales tax imposed for the six year period beginning July 1, 2011.

Special Purpose Local Option Sales Tax (SPLOST) 2017 Fund - This fund is used to account for the special one percent sales tax imposed for the six year period beginning July 1, 2017.

Nonmajor Governmental Funds

Special Revenue Funds

Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

Sheriff's Fund - This fund is used to account for the collection and disbursement of federally forfeited fines, which are to be used solely for local drug enforcement.

Drug Abuse and Education Fund - This fund is used to account for the collection and disbursement of the 50% penalty on drug fines, which is used for drug abuse treatment and education programs relating to controlled substances and marijuana.

Jail Fund - This fund is used to account for the 10% surcharge on fines, which is to be used for jail operations and improvements.

Special Investigation Fund - This fund is used to account for the collection and disbursement of fees collected at the jail.

Supplemental Juvenile Services Fund - This fund is used to account for collection and disbursement of fees that will be used to provide supplemental community based services to juvenile offenders.

E-911 Fund - This fund is used to account for the proceeds of the monthly surcharge on county residents' telephone bills to fund the emergency services telephone system.

Development Authority Fund – This fund is used to account for the activities of the Ben Hill County Development Authority, a blended component unit, which pursues and enhances economic development of the County.

Capital Projects Funds

Capital projects funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets. Capital projects funds exclude those types of capital-related outflows financed by proprietary funds or for assets that will be held in trust for individuals, private organizations, or other governments.

CDBG Fund - This fund is used to account for a \$500,000 CDBG grant for road improvements on various roads in the County.

LMIG Fund - This fund is used to account for the Local Maintenance & Improvement Grant.

Debt Service Funds

Debt service funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest.

SPLOST Debt - This fund is used to account for SPLOST taxes to be used to retire debt associated with SPLOST – approved projects.

Major Proprietary Funds

Enterprise Funds

Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the County Commission is that the costs of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges; or where the County's Commission has decided that periodic determination of net income is appropriate for accountability purposes.

EIP Revolving Loan Fund - This fund is used to account for the employment incentive program community development block grant and related loans to qualifying employers in Ben Hill County for capital expenditures.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Commissioners Ben Hill County, Georgia

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Ben Hill County, Georgia, as of and for the year ended December 31, 2017, and the related notes to the financial statements, which collectively comprise Ben Hill County, Georgia's basic financial statements and have issued our report thereon dated September 10, 2018. Our report includes a reference to other auditors who audited the financial statements of the Ben Hill County Board of Health and the Hospital Authority of Ben Hill County, as described in our report on Ben Hill County, Georgia's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Ben Hill County, Georgia's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Ben Hill County, Georgia's internal control. Accordingly, we do not express an opinion on the effectiveness of Ben Hill County, County, Georgia's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Ben Hill County, Georgia's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of

noncompliance that is required to be reported under *Government Auditing Standards* and which is described in the accompanying schedule of findings and responses as item 2017-1.

Ben Hill County, Georgia's Response to Findings

Ben Hill County, Georgia's response to the findings identified in our audit is described in the accompanying schedule of findings and responses. Ben Hill County, Georgia's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
